- Objective: To define **principles (part 1) and operationalisation (part 2) of trial registration**
- **Ottawa Statement on principles of trial registration**
- as of May 2005 endorsed by more than 80 individuals & groups
- **Published in BMJ, 23 April 2005; Editors:** K Krleža-Jerić, A-W Chan, K Dickersin, I Sim, J Grimshaw, C Glud

Ottawa Group: NEXT Steps in Consensus Building

- <http://ottawagroup.ohri.ca>
- Dialogue on operationalisation:
 - the **Portland** meeting 23rd of May 2005 (SCT),
 - the **Melbourne** meeting, 24rd of October 2005 (CC)
- **Interact & feed into other major initiatives such as WHO & Medical Editors;**

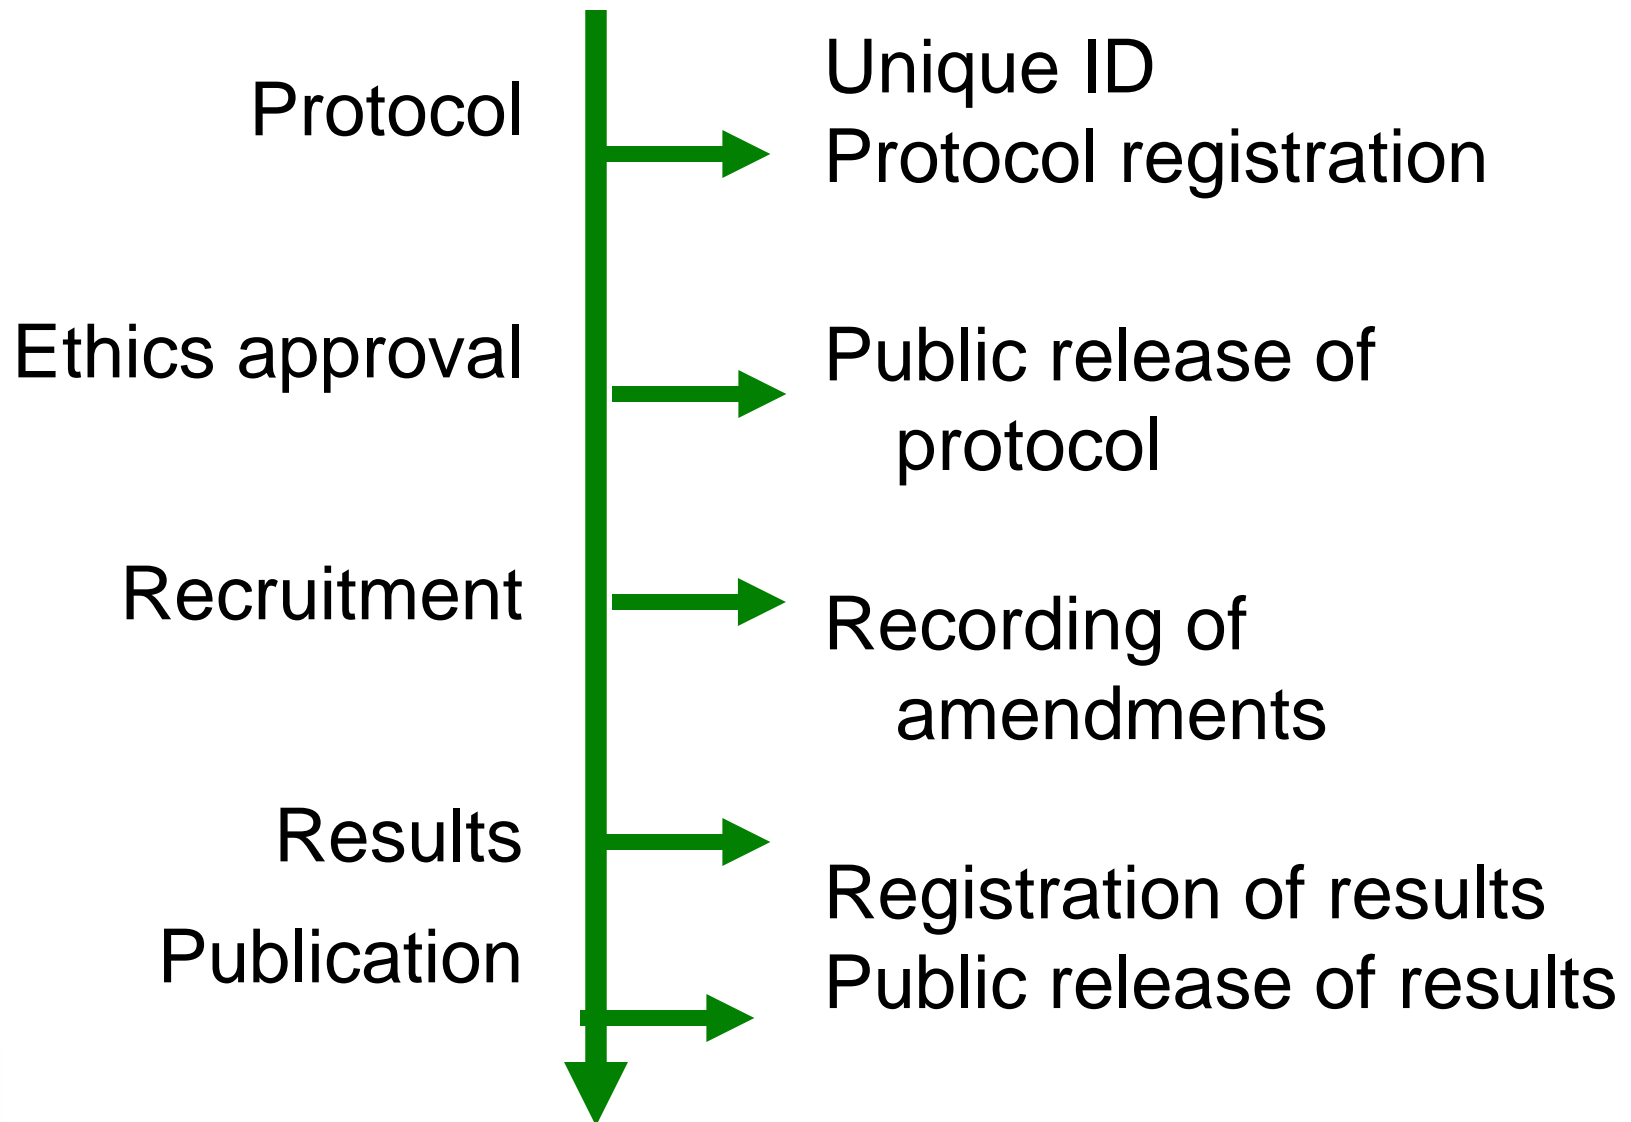

Ottawa statement and others

- ICMJE & BMJ and other journal editors
 - Pharma industry Jan 2005 Joint Statement
- Canada examples:
- CAREB
 - HCCC - Charities

WHO

- The WHO International Clinical Trial Registry Platform (ICTRP) is a global project to facilitate access to information about controlled trials and their results.
<http://www.who.int/ictrp/en/>

Ottawa Statement: General time-line for trial registration process

Keep in mind: scope is a variable of end user

why and for whom

- potential participants –users – people
- researchers
- systematic reviewers
- funders
- pharma
- journal editors - science
- general public- global knowledge

Keep in mind

How to overcome a conflict btw various interests

- Ethical
- Scientific
- Health – clinical
- Profit

We shall continue this dialogue

- <http://ottawagroup.ohri.ca>
- *Melbourne: 24th October, during the Cochrane Colloquium*
